

Name	Description	Benefits	Price
Game Curriculum Sequence	Enhance the definition of the games so that each game has the ability to be sequenced relative to other games. This may take the form of a playbook: these games are introductory, these games are advanced, etc.	Improves the ability of site users to leverage the games to solve specific tasks based on their level of game skill.	65
Find a Teacher/Facilitator	Enhance the site to enable users to identify teachers/facilitators who have experience in using the game.	Allows people who wish to use a specific game the ability to find experts.	51
Real-Time Consulting	Integrate an online chat capability so that site users can connect with game experts on an ad-hoc or scheduled basis. Experts will have the option to charge for real-time consulting services.	Get your questions answered by the experts in real-time.	100
Photo/Video Posts	Enable users and others to post photos and videos into the site.	Improves usability and understandability of the game.	21
Game Gear Store	Provides a checklist for each game in a store that enables immediate purchase from an office supply store.	Makes it very easy to get the gear you need for a game.	24
Play Test Community	Identify a set of community members who are willing to play test new games.	Increases the ability for people to explore new games and to identify those games that work the best.	55
Donations / Tips	Allow a user to send a monetary donation to the creator of a game to thank them for adding this game to the site.	A community that is rewarded is likely to generate more content.	20
Update Games	Any community member can edit a game that another member has created - moves us to more "wikipedia" model.	Potentially improves site content quality and community member participation at the risk of greater monitoring of the site.	66
Find Popular Games	Make it super easy to find popular games where popularity is measured as a combination of ratings.	Allows you to see the most popular games.	28
Zip and Go	Pack up an entire game, with comments, into a single file (e.g., as a PDF).	Makes it easy to download and access content offline.	25
Powerful Search	Provide the ability to search by keywords, authors, tags, ratings, level of the game, creating ratings, bids, full text.	Makes it easy to find games.	109
User Tagging	Enables users to tag games / content to quickly find tags.	C'mon - you know what tagging is and why tagging is cool..	68
Improve Usability	Enhance the site to improve the ability to navigate to important games.	Who can't love better usability?	26
Links to Similar Games	When looking at a game, the site automatically lists related games.	Easier to find other interesting and related materials.	26
